

CORNHOLE ON THE COURTS

This May, The Arena Club is launching a fun, social cornhole league! Games will be played on tournament-grade boards and professionally run by Old Line State Cornhole, ensuring an exciting and well-organized experience. With a 4-game switch format, players will rotate teammates each round—no need to bring a partner! Bags are provided, and SCOEHOLIO scorekeeping keeps the competition fun and engaging. Whether you're here to win or just to have a good time, this league offers a chance to connect with new and familiar faces.

- Each player registers as an individual, not a team.
- In every round, players are randomly paired with a new partner. Accumulate points individually based on wins and total points scored, regardless of your teammate for that round.
- After a set of rounds, the players with the highest individual scores move on to a final playoff round and the top 4 go into a single-elimination bracket.
